SEMESTER FLAT-RATE: The flat-rate for tuition covers 33 credits per academic year.

In this way, the University's requirement of 128 credits can be achieved in eight terms. Full-time students – those taking at least 12 credits – are charged the flat rate. Once the semester has begun, flat-rate students who change their programs to less than 12 credits will continue to be responsible for the flat-rate tuition charge (as opposed to the per-credit rate). (See Statement of Costs for the Academic Year.) Intersession and Summer Session courses are not included within the flat-rate tuition and must be paid for per credit. Full-time students who take more than 33 credits per academic year will be charged for each additional credit at the per credit rate. Up to 18 credits of the 33 credits may be taken in one semester without an additional charge.
