Notes/Explanations:

- Cumulative GPA for CCAF degree must be a minimum of 2.0.
- Actual CCAF transfer credits may differ from those shown on this sample program plan file depending on general education, technical education, and program electives completed for the A.A.S. degree. It is possible to complete this program with 60 credits or less taken at St. Joseph's College, but not guaranteed.
- A Bachelor of Science must consist of a minimum of 60 liberal arts credits. Required courses may count toward these 60 credits.
- St. Joseph's College may require students to take ENG-109 Analytical Writing and/or ENG-110 Communication for Professionals based on an evaluation of the application writing sample. In this situation, both courses would count toward the liberal arts elective requirements.
