MMR REQUIREMENTS

New York State Public Health Law 2165 requires college students enrolled for six or more chargeable credits to show proof of immunization against measles, mumps and rubella. Students born prior to Jan. 1, 1957, are exempt from this requirement.

- *MMR (Combined Live Measles, Mumps and Rubella Immunization).* The first dose no more than four days prior to the first birthday. The second dose a minimum of 28 days after the first dose.
- *Single Live Measles Immunization.* The first dose no more than four days prior to the first birthday. The second dose a minimum of 28 days after the first dose. Physician statement of measles disease (exact date required) is acceptable.
- *Single Live Mumps Immunization.* Dose no more than four days prior to the first birthday. Physician statement of mumps disease (exact date required) is acceptable.
- *Single Live Rubella (German Measles) Immunization.* Dose no more than four days prior to the first birthday. Diagnosis of rubella (German measles) is not acceptable as proof of immunity.
- Serologic evidence of immunity (titer, attach copy of lab report) is acceptable for measles, mumps and rubella. Equivocal titers are not acceptable.
